BLENDED DELIVERY – STANDARD PROGRAM 2024

Training and Assessment Qualifications and TAE Skills Sets are ideal for candidates wishing to upskill/upgrade existing teaching/training qualifications to train & assess in the workplace or to deliver outstanding vocational training in a Registered Training Organisation

PHOENIX ACADEMY is offering a new 'Fast-track', blended delivery option providing intensive face-to-face (or Zoom-enabled) workshops combined with online Student Portal work and required assessment completion time to meet the needs of existing teachers/trainers requiring specific skill sets, upskilling or re-training.

► **DURATION:** 3 – 6 MONTHS (including content delivery + assessment completion time)

► **DELIVERY STRUCTURE:** Intensive workshops delivered over 16 weeks (a total of 8 workshops held fortnightly) to cover course content delivery/assessment information. Candidates can utilise the time in-between delivery workshops to complete required assessment tasks and complete pre-reading tasks for the upcoming unit. This flexible course delivery mode enables candidates to commence at any time as the program will be cyclic enabling candidates to add on missed units at the end of the program or only complete specific units as required.
